Culture is the way of life shared by a group of people, including their ideas and traditions. Cultures reflect the values and beliefs of groups in different ways (e.g., art, music, literature, religion); however, there are universals (e.g., food, clothing, shelter, communication) connecting all cultures.

Principles & Practices - Glencoe

Economics can be divided into two broad fields of study, though many economists do a bit of both. Microeconomics is the study of how individuals, households, firms, and govern- ments make choices, and how those choices affect prices, the allocation of resources, and the well-being of other agents.

A change in the cost of inputs can cause a change in supply. Supply might increase because of a decrease in the cost of inputs, such as labor or packaging. If the price of the inputs drops, produc- ers are willing to produce more of a product at each and every price, thereby shifting the supply curve to the right.

A firmâ€™s willingness to supply products depends on the
