

international conference on information pdf

IEEE International Test Conference (ITC) is an annual conference on electronics test with a technical program, tutorials, workshops, and exhibition floor.

International Test Conference - International Test Conference

The International Meridian Conference was a conference held in October 1884 in Washington, D.C., in the United States, to determine a prime meridian for international use. The conference was held at the request of U.S. President Chester A. Arthur. The subject to discuss was the choice of "a meridian to be employed as a common zero of longitude and standard of time reckoning throughout the world".
