

medical surgical nursing made pdf

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription ...

Medical abortions are those induced by abortifacient pharmaceuticals. Medical abortion became an alternative method of abortion with the availability of prostaglandin analogs in the 1970s and the antiprogesterone mifepristone (also known as RU-486) in the 1980s.. The most common early first-trimester medical abortion regimens use mifepristone in combination with a prostaglandin analog ...
